PART III—SECTION 4

Miscellaneous Notifications including Notifications, Orders, Advertisements
and Notices issued by Statutory Bodies

THE INSTITUTE OF CHARTERED ACCOUNTANTS OF INDIA

New Delhi-1, the 19th September 1964

No. 5-CA(1)/11/64-65—With reference to this Institute's Notification No. 4/CA(1)/12/62-63 dated 21st December, 1962, it is hereby notified in pursuance of Regulation 18 of the Chartered Accountants Regulations, 1964, that in exercise of the powers conferred by Regulation 17 of the said Regulations, the Council of the Institute of Chartered Accountants of India has restored to the Register of Members, with effect from the 26th day of August, 1964, the name of Shri Mahabir Prasad Agrawal, A.C.A., P-147, CIT Road, Ground Floor, Calcutta-10 (Membership No. 4731).

C. BALAKRISHNAN
Secretary

THE INSTITUTE OF COST AND WORKS ACCOUNTANTS OF INDIA

(COST ACCOUNTANTS)

Calcutta, the 19th September 1964

No. 19-CWA(1)/64—In pursuance of Sub-section (3) of Section 19 of the Cost and Works Accountants Act, 1959, the list of members of the Institute of Cost and Works Accountants of India as on 1st day of April 1964 is hereby published for general information:—

EXPLANATORY NOTE

There are two classes of members, namely, Fellow and Associates. They are entitled to use the letters "F.I.C.W.A." and "A.I.C.W.A.", respectively, after their names. There are two lists, one arranged alphabetically and the other topographically according to Regions. In the topographical section the names of places in each Region and the names of members have been arranged alphabetically.

In the alphabetical section the number shown against each name of a member is the Membership Number of that member. "F" after a member's name denotes that he is a Fellow, and "A" after a member's name denotes that he is an Associate. In the alphabetical section, the name of the place and the Region to which he belongs have been indicated.

In the topographical list, the date in brackets after "F" indicates the date of admission to Fellowship and

the date in brackets after "A" indicates the date of enrolment as Associate. The number in brackets at the end of an entry indicates Membership Number.

An asterisk (*) before a member's name indicates that the member is in practice.

S. N. GHOSE
Secretary

AGRICULTURAL REFINANCE CORPORATION*Bombay, the 24th September 1964*

No. SEC. 645/B. 6-64/65—In pursuance of Regulation 29 of the Agricultural Refinance Corporation General Regulations, 1963 it is hereby notified that the following candidates were elected as Directors of the Corporation at the First Annual General Meeting of the Corporation held in Bombay on 21st September 1964 :—

<i>Name and address</i>	<i>Representing</i>	<i>How appointed</i>
1. Shri Udaybhansinh Yuvaraj of Porbandar Chairman Gujarat State Co-operative Land Mortgage Bank Ltd., 489 Ashram Road AHMEDABAD.	Central land mortgage banks.	Elected under clause (d) of Section 10 of the Act.
2. Prof. D.R. Gadgil Chairman Maharashtra State Cooperative Bank Ltd., 9 Bakehouse Lane, BOMBAY-1.	State cooperative banks.	Elected under clause (e) of Section 10 of the Act.
3. Shri B.K. Dutt Managing Director United Bank of India Ltd., 4 Clive Ghat Street, CALCUTTA-1.	Life Insurance Corporation of India, scheduled banks, insurance and investment companies and other financial institutions.	Elected under clause (f) of Section 10 of the Act.

V. SIVARAMAN,
Managing Director

No. G. S.R.—In pursuance of Section 32(2) of the Agricultural Refinance Corporation Act, 1963 (10 of 1963), the report of the Board on the working of the Corporation for the year ended 30th June 1964 and the Balance Sheet and Profit and Loss Account of the Corporation for the year ended 30th June 1964 are published hereunder :

Directors' Report for the year ended 30th June 1964

TO

THE SHAREHOLDERS,

The Directors have great pleasure in presenting herewith their First Annual Report with the audited Statement of Accounts for the year ended 30th June 1964.

Role of the Corporation

The Agricultural Refinance Corporation was established on 1st July 1963. The object of the Corporation is to help in augmenting the resources available for provision of medium-term and long-term finance for agriculture. The Corporation is primarily a refinancing agency providing financial accommodation of a long-term nature for those major developmental projects which cannot be financed by the existing credit agencies either on account of the volume of funds involved or the terms and conditions of repayment or because the projects are such as cannot be brought within the normal rules of business under which the land mortgage banks are functioning. It will not, therefore, replace the existing normal arrangements for long and medium-term finance, including the Reserve Bank's assistance for these purposes. Moreover, the Corporation is not expected to be a merely passive financing agency; it will play an active role in stimulating interest in special agricultural development schemes, advise the institutions eligible for the finance and assist them in planning for their successful formulation and execution.

In the first few months following its establishment, the Corporation was preoccupied with certain essential preliminary matters such as the issue of share capital, laying down the policy and procedure in regard to its refinance facilities including rules of business, framing of staff regulations and such other matters as are generally connected with the organisation of a new Corporation. The Officers of the Corporation were also visiting important States like Andhra Pradesh, Kerala, Madras, Mysore,

Bihar, West Bengal, Assam, Madhya Pradesh, Orissa, and Maharashtra to impress upon the State Governments, financial institutions and statutory bodies connected with the development of plantation and other crops, the necessity to draw up suitable schemes of agricultural development and whenever so desired, helped them in the preparation of such schemes. They also undertook on-the-spot studies to find out the economic feasibilities of the schemes submitted to the Corporation for consideration.

The following paragraphs give a brief account of the Corporation's loan procedure and policy and the progress made by it in the receipt and disposal of schemes and applications for refinance.

Purpose for which refinance facilities would be available

Refinance facilities from the Corporation are available for financing the following purposes :—

- reclamation and preparation of land so that facilities for irrigation, in particular, are fully utilised;
- development of special crops such as arecanut, coconut, cashewnut, cardamom, coffee, tea, etc.;
- development of mechanised farming, use of electricity for tube-wells, pump sets, etc.; and
- development of animal husbandry, dairy farming, pisciculture (including co-operative fisheries) and poultry farming.

Institutions eligible for financial assistance

All State co-operative banks, central land mortgage banks and scheduled banks as are shareholders of the Corporation are eligible for financial assistance from the Corporation. A list of such eligible institutions is given in Annexure I. Besides, in terms of Section 2(f)(ii) and Section 22(3)(b) of the Act, in exceptional cases, that is, where a loan for financing any particular activity is considered necessary or desirable but cannot for one reason or another be granted through an institution eligible for being refinanced by the Corporation, co-operative societies (other than State co-operative banks and central land mortgage banks) will be financed direct. For example, where, in any State, a scheme of agricultural development is to be undertaken by a co-operative society and where either the concerned co-operative financing agency or the apex co-operative bank is found to be financially weak and not adequately equipped to finance the society and ensure that proper utilisation of the funds and successful implementation of the scheme, it would be open to the Corporation to provide funds directly to such a society. Such co-operative societies will have to be approved by the Reserve Bank for the purpose. So far no occasion has arisen to have recourse to this provision.

Membership and share capital

Under Section 5 of the Agricultural Refinance Corporation Act, the membership of the Corporation is open, besides the Reserve Bank, to the following three classes of institutions : (a) central land mortgage banks, (b) State cooperative banks, and (c) scheduled banks, the Life insurance Corporation, insurance and investment companies and such other classes of financial institutions as may be notified by the Central Government in this behalf. Section 5(1) of the Act provides for the Corporation an authorised share capital of Rs. 25 crores which is divided into 25,000 fully paid-up shares of Rs. 10,000 each. Out of the 5,000 shares valued at Rs. 5 crores issued in the first instance, Section 5(2) of the Act provided for a contribution by the State cooperative banks and land mortgage banks up to a maximum of Rs. 150 lakhs and scheduled banks and investment and insurance companies of Rs. 100 lakhs. The Act also provided for the Reserve Bank to contribute Rs. 250 lakhs towards the first issue and the shortfall in the subscriptions from the quota reserved for the other classes of institutions. The State cooperative banks and central land mortgage banks have contributed only Rs. 135.3 lakhs and the scheduled banks, Life Insurance Corporation and other insurance and investment companies Rs. 67.8 lakhs. The Reserve Bank had, therefore, to subscribe to shares worth Rs. 296.9 lakhs made up of Rs. 250 lakhs under Section 5(2)(a) and the balance under Section 5(4) of the Agricultural Refinance Corporation Act, being the shortfall in subscriptions from the other institutions. Subsequently the Reserve Bank of India has transferred shares of the value of Rs. 1 lakh to one scheduled bank out of the shares allotted to them under Section 5(4).

Borrowings from Government

Under Section 19 of the Agricultural Refinance Corporation Act, the Government of India gave to the Corporation in July 1963 an interest-free loan of Rs. 5 crores, the repayment of which will commence after 15 years.

Loan procedure

The procedure to be followed in connection with availing of refinance facilities from the Corporation was finalised and a detailed circular was issued to all eligible institutions. A copy of the circular is reproduced in Annexure II. It was indicated that the preparation of compact and worthwhile schemes of agricultural development with the economics thereof clearly proved, would be the most essential requirement to be followed in applying for accommodation. To see that State Governments have a demonstrable interest in all such schemes, a 25 per cent contribution which is relaxable in appropriate cases, to the special development debentures that may be floated by the central land mortgage banks for financing special development schemes is insisted upon. The State Governments are expected to give such help as is necessary, both technical and otherwise, and also subsidies for supervisory and managerial staff, etc. The minimum amount of financial assistance that can be obtained from the Corporation by way of refinance/loans will be Rs. 1 lakh. The period of loans would, for the time being, be limited to 15 years but in exceptional cases may be extended up to 20 years. In the case of co-operatives the schemes and the applications for refinance are required to be submitted by the co-op-

erative banks through the Registrar of Co-operative Societies, who is expected to forward them to the Corporation with his comments. Though this procedure will not apply to the scheduled banks, it would be better for them also to send the schemes to the Corporation for scrutiny before they proceed to sanction any loans, so that they may be assured of refinance beforehand.

Schemes and loan applications

As observed earlier, during the period under review, the Corporation played an active role in stimulating interest among the various State Governments, the financing institutions and various other statutory bodies connected with agricultural development in the preparation of worthwhile and economic schemes intended to develop agriculture and thereby increase agricultural production. In response to this effort, the Corporation has received many schemes and proposals from State Governments and others for the development of plantation crops like tea, coffee, coconut, rubber, etc., for the reclamation of land and for the development of poultry farming. It has so far approved four schemes of agricultural development as under involving a total financial outlay of Rs. 637.50 lakhs. Of these four, applications for refinance have been received in respect of the first three schemes and the Corporation's willingness to subscribe to the special development debentures to be floated in that connection to the extent indicated has already been communicated to the concerned central land mortgage banks. As regards the fourth scheme, the sanction is likely to issue towards the end of 1964 in view of the fact that actual reclamation work would be started there only early in 1965.

(Rupees in lakhs)

S. No.	Purpose	Name of the State	Financing institution	Area to be developed (in acres)	Total financial outlay of scheme Rs.	Corporation's financial commitment Rs.	State Government's financial commitment Rs.
1	Reclamation and development of land—K.C. Canal Scheme	Andhra Pradesh	Andhra Pradesh Co-operative Central L.M.B. Ltd.	50,000	165.00	148.50	16.50
2	Reclamation and development of land—Kaddam Project Scheme.	Do.	Do.	25,000	75.00	67.50	7.50
3	Development and coconut plantations.	Orissa	Orissa Provincial Co-operative L.M.B. Ltd.	2,000	32.00	28.80	3.20
4	Reclamation and development of land—Nagarjunasagar Project Scheme.	Andhra Pradesh	Andhra Pradesh Co-operative Central L.M.B. Ltd.	1,21,000	265.50	328.95	36.55

The other schemes received by the Corporation are under various stages of examination. It should be mentioned here that there is bound to be some time-lag between the receipt of a scheme and approval thereof. After a scheme is received from a State Government, it is examined by the Corporation in detail and clarifications are sought for on important points, if any, arising out of the scheme. After the receipt of such clarifications, the Corporation proceeds to examine the technical and economic feasibilities of the scheme and the 'benefit-cost' to the agriculturists and for this purpose sends its officers and technical experts for on-the-spot studies, visits to project areas and for discussions with State Governments. Only after fully satisfying itself regarding the thoroughness of a scheme, its economic viability and technical feasibility and its utility to the agriculturists, the Corporation proceeds to advise the financing institutions regarding approval of the schemes and submission of formal loan applications thereafter.

Rate of Interest

The Corporation at present charges 5½ percent Interest on all types of financial assistance provided by it.

Security

Under Section 22(4) of the Act, the repayment of the principal and payment of interest on the loans granted by the Corporation have to be fully and unconditionally guaranteed by the Government. Provision has also been made in the Act enabling the Corporation to dispense

with Government guarantee, if other security to the satisfaction of the Board of the Corporation is made available to it.

Amendments to regulations, etc.

The Agricultural Refinance Corporation General Regulations were amended in the month of April 1964, with the previous approval of the Reserve Bank of India, so as to provide for a new regulation 30-A which simplified the procedure regarding the filling in of a casual vacancy in the office of an elected director. Further, in exercise of the powers conferred by Section 46 of the Agricultural Refinance Corporation Act, the Corporation, with the previous approval of the Reserve Bank, also made "The Agricultural Refinance Corporation (Staff) Regulations, 1964" providing for the duties and conduct, salaries, allowances and conditions of service of officers and other employees of the Corporation.

Statement of Accounts

From the Statement of Accounts, it may be observed that after meeting all expenses, the Corporation has made a net profit of Rs. 16,52,107.58 which your directors recommend may be dealt with as under :

(1) To Reserve Fund	Rs.	1,000.00
(2) To pay a dividend at 4½ per cent per annum to shareholders	Rs.	16,51,107.58

Since the net profit available for distribution is not adequate enough to pay the guaranteed dividend of 4½ per cent i.e. Rs. 19,10,177.59, the Government of India has

been approached, as per Section 6 of the Agricultural Refinance Corporation Act, to make good the difference in the amounts between the net profit available for distribution as above and the dividend to be paid on the shares of the Corporation at the rate of 4½ per cent.

Directors

Consequent on his retirement as Deputy Governor of the Reserve Bank with effect from 29th February 1964, Prof. D. G. Karve, the first Chairman, ceased to be the Chairman of the Board of Directors of the Corporation with effect from that date. In pursuance of Clause (a) of Section 10 of the Agricultural Refinance Corporation Act, the Reserve Bank of India has nominated Shri M. R. Bhide, a Deputy Governor of the Reserve Bank of India, to be the Chairman of the Corporation *vice* Prof. D. G. Karve with effect from the 1st March 1964.

Consequent on Shri M. R. Bhide's retirement from the Government of India [one of the directors of the Corporation nominated by the Government of India in terms of Section 10(c) of the Act], Shri N. E. S. Raghavachari, Additional Secretary to the Government of India, Ministry of Community Development and Cooperation (Department of Cooperation), New Delhi, was nominated by the Government of India, in his place with effect from 6th December 1963. He was later nominated by the Chairman as a member of the Executive Committee in place of Shri M. R. Bhide.

We regret to inform our shareholders of the sudden death of Shri B. Venkatratnam, one of the directors of the Corporation, who passed away on March 2, 1964. In his place Shri Udaybhansinhji, Yuvaraj of Porbandar, has been elected as a director with effect from May 14, 1964. Shri B. Venkatratnam's vacancy on the Executive Committee of the Corporation was filled up by the Chairman by nominating in his place Prof. D. R. Gadgil, a director of the Corporation.

The Directors place on record their deep appreciation of the valuable services rendered to the Corporation by Prof. D. G. Karve and the late Shri B. Venkatratnam.

In accordance with Sections 10 and 11 of the Act, Shri B. K. Dutt, Prof. D. R. Gadgil and Shri Udaybhansinhji retire but are eligible for re-election.

Auditors

In exercise of the powers vested under the Section 30(1) of the Act, your directors have, with the previous approval of the Reserve Bank of India, appointed Messrs. S. B. Billimoria & Co. as the Auditors of the Corporation for the year 1964-65.

On behalf of the Directors,

Agricultural Refinance Corporation
Bombay, dated 24th July 1964.

M. R. BHIDE
Chairman

ANNEXURE I

LIST OF INSTITUTIONS ELIGIBLE FOR FINANCIAL ASSISTANCE FROM THE CORPORATION (AS ON 30TH JUNE 1964)

Central Land Mortgage Banks

1. The Andhra Pradesh Co-operative Central Land Mortgage Bank Limited.

ANNEXURE II

**AGRICULTURAL REFINANCE CORPORATION
AMAR BUILDING (SECOND FLOOR)
BOMBAY-1**

Telegrams : Post Box 363
"AGREFINANS"

Ref. No. OPS 449/L.1/63-64. 26th August 1963

(To all eligible institutions and STATE and CENTRAL GOVERNMENTS)

Dear Sir,

SUB. : *Financial accommodation from the Agricultural Refinance Corporation*

You are aware that the Agricultural Refinance Corporation was established from 1st July 1963 under the Agricultural Refinance Corporation Act, 1963 for granting medium and long-term credit by way of refinance or otherwise for the development of agriculture and for other matters connected therewith or incidental thereto. The form of assistance and the terms and conditions on which it will be provided is set out below in general outline. More specific details may be supplied as may be suitable in each case.

1. Form of assistance

The Corporation will provide financial assistance by

- (i) granting loans and advances by way of refinance to eligible institutions being central land mortgage banks or State co-operative banks or scheduled banks;
- (ii) granting loans and advances otherwise than by way of refinance to approved co-operative societies (other than a central land mortgage bank or a State co-operative bank);
- (iii) subscribing to debentures of any eligible institutions in respect of which the repayment of principal and payment of interest are fully and unconditionally guaranteed by Government.

2. Who may borrow

The institutions eligible for financial assistance from the Corporation are (i) central land mortgage banks, State co-operative banks or scheduled banks being in each case a shareholder of the Corporation; (ii) co-operative societies (other than a central land mortgage bank or a State co-operative bank) approved by the Reserve Bank in this behalf. These second mentioned societies will be financed directly by the Corporation even though they are not shareholders but only in exceptional cases, i.e. where a loan for financing any particular activity is considered necessary or desirable but cannot be granted through an institution which is eligible for being refinanced by the Corporation.

3. Purposes for which refinance/loan will be granted

The Corporation will grant refinance/loans for schemes for development of agriculture which term includes animal husbandry, dairy farming, pisciculture and poultry farming. Assistance from the Corporation may be available for schemes such as (a) financing of reclamation and preparation of land so that, in particular, facilities for irrigation are fully utilised, (b) financing the development of special crops such as arecanut, coconut, cashewnut, cardamom, coffee, tea, rubber etc., (c) development of mechanised farming, use of electricity through tube wells, pump sets etc. and (d) development of animal husbandry, dairy farming, pisciculture and poultry farming. The schemes have to be drawn up for specified areas and for certain specified crops and should be compact and composite ones susceptible of close and intensive supervision and evaluation and should aim at increased agricultural production besides being economic and commercially paying or businesslike.

In the case of co-operative institutions, the schemes submitted to the Corporation should be capable of being worked through the existing co-operative structure. The schemes to be drawn should be within the capacity, administrative and financial of these co-operative financing institutions, which such support as might be available from the State Government, and of the co-ordination and supervisory staff available with the Government itself. These schemes are not to cover those which in the usual course, the State Governments had been taking up or should take up. The schemes should not be departmental schemes taken up in the normal course of their activity. The State Government in its Department of Agriculture or other technical departments should be expected to provide the technical staff for formulating schemes. In special cases, where such assistance is not available or adequate, the Corporation may render some advice in this regard. But the source for technical advice will have to be the State Government. It will be necessary for the State Government to be associated not only with the formulation of the schemes, but also at various stages of their implementation. *The cultivators to be financed under the scheme should be those who have unrestricted mortgageable or alienable rights over their holdings which are proposed to be mortgaged to the co-operative financing institution. The scheme should, therefore, relate to the areas where the participants already own the land.* Further, the cultivators should preferably contribute a part of the funds required, from their own resources with a view to ensure that they take keen interest in the schemes evolved for their benefit. Similar criteria will apply to other forms of agriculture as defined in the Act.

4. Period of refinance/loan

The refinance/loan from the Corporation in respect of medium-term loans will be available for periods not less than three years and not more than five years. Long-term assistance from the Corporation, i.e. refinance or loans for periods exceeding five years, will, for the time being, restricted to a maximum period of 15 years and in exceptional cases the Corporation may extend the period up to 20 years, on merits.

5. Minimum amount of refinance/loan

The minimum amount of financial assistance that can be obtained from the Corporation by way of refinance/loan will be Rs. 1 lakh.

6. Rate of interest

The Corporation will, for the time being, charge interest at 5½ per cent on all types of financial assistance provided by it to the eligible institutions who in turn may decide on their lending rate to the ultimate borrowers according to circumstances of each case, but, subject to approval of the Corporation. The interest will be collected every half-year ending 31st December and 30th June. The interest rate is open to review by the Corporation from time to time.

7. Security for loans

No accommodation will be granted unless it is fully and unconditionally guaranteed by the Government as to the repayment of principal and payment of interest. The guarantee to be executed by the Government will be in the form prescribed by the Corporation. However, if other security to the satisfaction of the Board of the Corporation is made available the Corporation may dispense with the Government guarantee.

8. Procedure for obtaining financial assistance from the Corporation

(a) The eligible institutions which propose to avail of refinance facilities should apply to the Corporation in separate forms prescribed by the Corporation for each of the categories. The application should give detailed information on the various aspects of any scheme proposed to be undertaken such as (i) the object and the coverage of the scheme, (ii) the economics and the soundness of the scheme, (iii) credit requirements, (iv) security to the Corporation and also the financial particulars of the financing institution, (v) the responsibility for the execution of the scheme and the arrangements for its supervision etc. as indicated in broad outline in the Annexure. Since refinance from the Corporation will be available only for special schemes of agricultural development, the financing scheduled bank is advised to refer the schemes to the Corporation before they proceed to sanction any loans. This will enable the Corporation to examine a scheme in

all its aspects and suggest any changes that may be required. The banks will also find this procedure convenient as the application for refinance can easily be prepared on the basis of the schemes approved by the Corporation. The co-operative banks should submit the schemes and applications for refinance through the Registrar of Co-operative Societies, who will forward them to the Corporation with his comments. In other words, the Registrar should be actively associated with the development schemes to be financed by the Corporation.

When the application is approved by the Corporation and refinance is sanctioned, the banks will be advised and required to execute a principal agreement in the prescribed form which sets out the general terms and conditions for obtaining refinance facilities from the Corporation.

The other conditions for obtaining financial accommodation from the Corporation are as follows :

(i) It would be open to a financing institution first to grant medium-term and long-term loans to constituents and then to seek refinancing facilities from the Corporation. This is subject to the condition that in cases where the Corporation has not been consulted previously it would deal with such applications on their own merit.

(ii) The Corporation will not refinance a loan unless it is submitted to it before the expiry of 12 months from the date on which the loan was granted by the concerned financing institution. The period of 12 months would be reckoned as from the date of disbursement of the loan or, in the case of a loan disbursed in instalments, from the date of disbursement of the instalment in respect of which refinancing is required. In cases where a bank desires to avail of refinance facility in more than one instalment it should execute a supplemental memorandum of agreement in the prescribed form each time a loan is availed of from the Corporation.

(iii) In cases where a financing institution disburses a loan in instalments there would be no objection to the institution availing itself of refinance facilities in respect of only some of the instalments. The reimbursement of each instalment will be treated as a separate loan by the Corporation by way of refinance.

(iv) When a financing institution repays to the Corporation the whole or any part of the amount obtained by it by way of refinance earlier than the due date, i.e. the date on which such amount or such part falls due for repayment, the Corporation may levy from the concerned financing institution a penal charge at the rate of 1 per cent per annum on such amount or such part as is repaid earlier than the due date for the period between the date of repayment and the due date or six months, whichever is longer. Where an amount obtained by way of refinance has been repaid, wholly or in part, earlier than the due date, the financing institution will not normally be allowed refinance facilities again in respect of the same loan.

(v) In the event of a breach by the financing institution in respect of any of the terms of the loan, the Corporation may recall the entire loan and enforce securities without assigning reason whatsoever.

(b) Scheduled banks seeking refinance from the Corporation should apply in a separate form prescribed and their application need not be routed through the Registrar of Co-operative Societies or any other Government Department except as may otherwise be indicated by the Corporation. Further, they should also obtain an agreement in the form prescribed by the Corporation or in the form as near thereto as circumstances may permit, from the borrowing constituent in addition to the normal security documents that are obtained from the borrower.

The following are the special and additional requirements for scheduled banks :

(i) Before a scheduled bank commences borrowing from the Corporation the financing institution will furnish a certified copy of the resolution passed at a meeting of its Board of Directors either resolving to borrow a specified amount from the Corporation or delegating the power to borrow to one or more officials (designated by name and office) to whom such delegation is permissible under Section 292 of the Companies Act. In case the power is delegated to the officials, the resolution should also specify

the total amount outstanding at any one time up to which moneys may be borrowed by the delegate/s. The delegate executing the refinancing documents will also be required to comply with the provisions of Sections 47 and 48 of the Companies Act as also with the Memorandum and Articles of Association of the financing institution.

Along with the copy of the resolution a declaration should be furnished by the Chief Executive Officer of the financing institution stating that, in passing the said resolution, the Board had not acted inconsistently with any regulation of the financing institution or with any restrictions or conditions imposed by the financing institution in general meeting on the exercise by the Board, of the powers under Section 292 of the Companies Act.

(ii) In case the total borrowing of a financing institution from all sources (including the proposed borrowings from the Corporation) exceeds the aggregate of its paid-up capital and free reserves, a certified true copy of the consent of the financing institution in general meeting, specifying the total amount up to which moneys may be borrowed by the Board of Directors, should be furnished to the Corporation. Further, each time refinance is availed of, it should be confirmed by the Chief Executive Officer that the *total borrowings* of the financing institution from all sources (including the proposed borrowings from the Corporation) will not exceed the limit specified in the consent.

In cases, however, where it is said that the *total borrowings* of a financing institution including the borrowings proposed to be made from the Corporation will not exceed the aggregate of its *paid-up capital and free reserves*, a certificate signed by its Chief Executive Officer to that effect will be sufficient.

(c) If a central land mortgage bank proposes to float debentures in order to finance special schemes, the procedure will be the same as above except that it has to apply on a separate form prescribed by the Corporation for that purpose. In this case also the banks should consult the Corporation in advance about the terms and conditions and time of floatation of debentures and the amount the Corporation is required to contribute. It may be noted that the special development debentures should be subscribed to only by the Agricultural Refinance Corporation and the concerned State Government. The latter is expected to take up at least 25 per cent of the total debentures issued while the Corporation may take up 75 per cent of the issue. It is however open to the State Government to take more than 25 per cent if they so desire.

9. General

The application forms and the documents to be executed by the borrowing institutions are available with the Corporation and the institutions wishing to avail of the facilities provided by the Corporation may in due course approach the Corporation for copies of the same.

Yours faithfully,

V. SIVARAMAN
Managing Director

ANNEXURE

PARTICULARS OF THE PROPOSED SCHEME/S

1. Specific area selected for implementation of the scheme with full details. (The area should be compact and susceptible of close supervision and evaluation.)

2. What is the duration of the scheme ?

3. What are the phases of development of the scheme every year ? What will be the coverage every year ?

4. Was the entire scheme drawn by obtaining technical advice from the concerned technical departments or technical experts ? (Give details.)

5. What are the arrangements for technical advice to the farmers and who will bear the expenses ? Will such advice be given by Government departments free ?

6. On whom does the responsibility of the execution of the scheme rest? How it will be carried out by that agency?

7. What are the arrangements for supervision over the utilisation as well as recovery of loans? (Full details should be given regarding number of supervisory/Inspectorial Staff required, the charge per official, the frequency of their inspection, etc.).

8. Who will bear the expenses of supervision? Will the Government give any subsidy? (Give details.)

9. Are the lands to be brought under the scheme presently under cultivation or are they waste lands?

10. Are they privately owned or are they Government lands to be purchased by individuals? If they belong to the latter category, what are the terms on which they will be sold to the agriculturists?

11. Will the borrowers have full rights of alienation in the land?

12. What is the general market value of land in the area?

13. What is the basis of valuation adopted for the purpose of granting loans?

14. What is the estimated value of land after development?

15. How is the proposed scheme expected to increase agricultural production? (Please furnish actual production figures of various crops in terms of quantity and value immediately preceding three years showing side by side the estimated increase in production at every stage of development programme in case of lands under cultivation.) What is the period up to which increasing returns can be expected? Will diminishing returns start after some years? If so, when and to what extent?

16. What is the estimated annual expenditure per acre for each year? (Furnish details of expenditure.)

17. What is the estimated net income for each year of the development?

Note.—Particulars regarding items 15, 16 and 17 should be given in a tabular form. (Form enclosed.)

18. Out of the estimated expenditure what is the amount, if any, that would be met by individual borrowers at every stage of development?

19. What is the agency that would be financing the scheme?

20. What is the scale of financing per acre? What is the basis of its determination?

21. Will the loans be given by stages according to a phased programme—in instalments and in cash and kind? (Give details.)

22. What are the arrangements made for assured supply of water, improved seeds, fertilisers, pesticides, insecticides and improved implements to the cultivators? (Give details.)

23. What is the arrangement for supply of short-term/medium-term loans for the scheme?

24. What is the normal rate of interest for financing long-term/medium-term loans?

25. What is the rate of interest that will be charged to the ultimate borrower on the loans for the scheme? Is there any subsidy from the Government? Will the interest be paid from the first year itself or is there any provision for deferred payment? (Give details.)

26. What is the schedule of instalments fixed for repayment of loans?

27. Will the loan be repaid by the agriculturists in cash or kind? What are the arrangements for marketing of produce?

28. Will the scheme be economically paying?

29. What are the steps taken to ensure effective follow-up of performance with a view to see that there is proper implementation on the lines of their formulation?
